AFTER-BUILD CLEANING SERVICES

After-Build Cleaning

Cleaning on completion of building work is hard and tiresome; no matter how large or small the construction work has been, there is always plaster, paint, dust or cement left in places there shouldn't be!

We can provide a full After-Build cleaning service which will leave you wondering if the builders had ever been in.

It is important to mention that once the cleaning has been completed, there will always be some residue dust in the air that will re-settle, no cleaning business in the work can promise this won't occur!

- Dusting off all the areas in the property
- Cleaning of carpets, rugs and upholstery
- Vacuuming and mopping hard floors
- Wiping and polishing hard surfaces
- Scrubbing bathtub, toilet and sink
- Cleaning and polishing tiles
- Cleaning doors, door frames and handles
- Cleaning windows, window frames and sills
- Polishing mirrors and windows
- Cleaning skirting boards
- Cleaning light fixtures and switches

So if you have had building works completed, sit back and let **Sun-Shine Cleaning Services** complete the works with a full cleaning service.

Carpet and Rug Cleaning

Bring you carpets / rugs back to life with our Eco or Deep Clean service.

Using the powerful 'Pro-Heat 2 Revolution' cleaning system, your carpets and/or rugs will be as good as new and smell amazing.

When this service was launched, we took the conscious decision to charge by the hour and not per item thus allowing you to have multiple items cleaned and not just a single item making the service so much better value for money.

In general, items cleaned in 'Eco' mode fully dry within 1 hour and those cleaned using the 'Deep Cleaning' mode in approximately 3 hours.

To enquire about this service, please call us on (+34) 643 76 15 82 or email us at sunshinecleaning.es@gmail.com
